Newsletter

The newsletter is being sent out using this email: kpw1255@me.com, please update your email address book, so that you won't miss a single issue.

We are going to try a used camera equipment section again. We had done it in the past and some people had good success. WACCO does not take any responsibility on the quality and condition of the equipment, this is up to you and the buyer. We are just providing a place to list the equipment.

We are trying to create a speakers list. This would be for anyone who likes to speak in front of camera clubs. We will take your contact info and the subjects that you would be willing to talk about and your fee, if any. The will be published in the newsletter and on the website. Please send your information to me if you would like to be on the list.

We are looking for articles to run and photos to put into the newsletter. Feel free to send photos and articles to me any time you have them. I will then use them in future newsletters. Please feel free to send me photography articles whenever it is convenient for you.

When submitting an article and photos, please attach photos separate from the article. Photos should be sized at 2100 pixels on the longest side.
